TO WHOM IT MAY CONCERN:

This letter is written to tell you that David Clark is an excellent wall covering installer. We know no one better.

We have been working with David for four years, and he has done all our installations. He understands all types of wall coverings and how to hang them.

David has done some very complicated rooms for us: pattern matching, arches, soffits, and other difficult transitions, as well as gimp trim on wall coverings.

His estimates of materials needed are always correct. He is professional, neat, on time, and pleasant to the designer and the clients. He is also very well-priced.

You will be very satisfied with his work and very happy to have him on your team for design projects.

Most sincerely,

Constance Hume Funkhouser, ASID, CID
